Specific Audit Approach

Grau & Associates
CERTIFIED PUBLIC ACCOUNTANTS

AUDIT APPROACH

Grau's Understanding of Work Product / Scope of Services:

We recognize the District is an important entity and we are confident our firm is eminently qualified to meet the challenges of this engagement and deliver quality audit services. ***You would be a valued client of our firm and we pledge to commit all firm resources to provide the level and quality of services (as described below) which not only meet the requirements set forth in the RFP but will exceed those expectations.*** Grau & Associates fully understands the scope of professional services and work products requested. Our audit will follow the Auditing Standards of the AICPA, *Generally Accepted Government Auditing Standards*, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida and any other applicable Federal, State or Local regulations. **We will deliver our reports in accordance with your requirements.**

Proposed segmentation of the engagement

Our approach to the audit engagement is a risk-based approach which integrates the best of traditional auditing techniques and a total systems concept to enable the team to conduct a more efficient and effective audit. The audit will be conducted in three phases, which are as follows:

Phase I - Preliminary Planning

A thorough understanding of your organization, service objectives and operating environment is essential for the development of an audit plan and for an efficient, cost-effective audit. During this phase, we will meet with appropriate personnel to obtain and document our understanding of your operations and service objectives and, at the same time, give you the opportunity to express your expectations with respect to the services that we will provide. Our work effort will be coordinated so that there will be minimal disruption to your staff.

During this phase we will perform the following activities:

- » Review the regulatory, statutory and compliance requirements. This will include a review of applicable federal and state statutes, resolutions, bond documents, contracts, and other agreements;
- » Read minutes of meetings;
- » Review major sources of information such as budgets, organization charts, procedures, manuals, financial systems, and management information systems;
- » Obtain an understanding of fraud detection and prevention systems;
- » Obtain and document an understanding of internal control, including knowledge about the design of relevant policies, procedures, and records, and whether they have been placed in operation;
- » Assess risk and determine what controls we are to rely upon and what tests we are going to perform and perform test of controls;
- » Develop audit programs to incorporate the consideration of financial statement assertions, specific audit objectives, and appropriate audit procedures to achieve the specified objectives;
- » Discuss and resolve any accounting, auditing and reporting matters which have been identified.

Phase II – Execution of Audit Plan

The audit team will complete a major portion of transaction testing and audit requirements during this phase. The procedures performed during this period will enable us to identify any matter that may impact the completion of our work or require the attention of management. Tasks to be performed in Phase II include, but are not limited to the following:

- » Apply analytical procedures to further assist in the determination of the nature, timing, and extent of auditing procedures used to obtain evidential matter for specific account balances or classes of transactions;
- » Perform tests of account balances and transactions through sampling, vouching, confirmation and other analytical procedures; and
- » Perform tests of compliance.

Phase III - Completion and Delivery

In this phase of the audit, we will complete the tasks related to year-end balances and financial reporting. All reports will be reviewed with management before issuance, and the partners will be available to meet and discuss our report and address any questions. Tasks to be performed in Phase III include, but are not limited to the following:

- » Perform final analytical procedures;
- » Review information and make inquiries for subsequent events; and
- » Meeting with Management to discuss preparation of draft financial statements and any potential findings or recommendations.

You should expect more from your accounting firm than a signature in your annual financial report. Our concept of truly responsive professional service emphasizes taking an active interest in the issues of concern to our clients and serving as an effective resource in dealing with those issues. In following this approach, we not only audit financial information with hindsight but also consider the foresight you apply in managing operations.

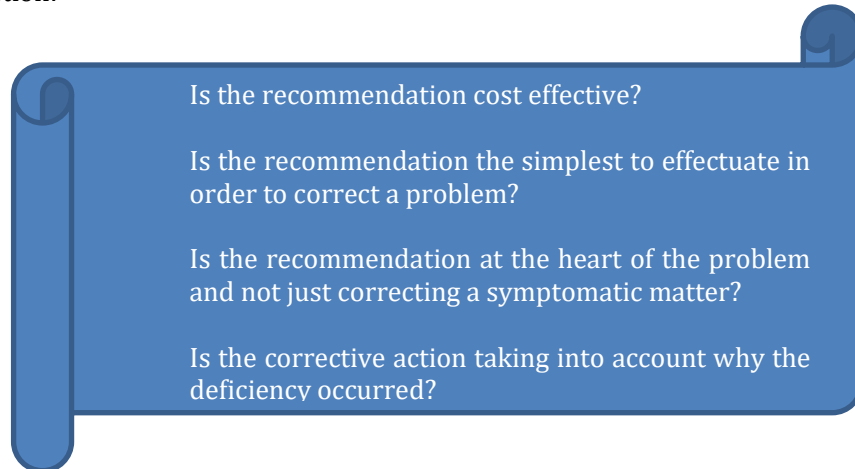

Application of this approach in developing our management letter is particularly important given the increasing financial pressures and public scrutiny facing today's public officials. We will prepare the management letter at the completion of our final procedures.

In preparing this management letter, we will initially review any draft comments or recommendations with management. In addition, we will take necessary steps to ensure that matters are communicated to those charged with governance.

In addition to communicating any recommendations, we will also communicate the following, if any:

- » Significant audit adjustments;
- » Significant deficiencies or material weaknesses;
- » Disagreements with management; and
- » Difficulties encountered in performing the audit.

Our findings will contain a statement of condition describing the situation and the area that needs strengthening, what should be corrected and why. Our suggestions will withstand the basic tests of corrective action:

To assure full agreement with facts and circumstances, we will fully discuss each item with Management prior to the final exit conference. This policy means there will be no “surprises” in the management letter and fosters a professional, cooperative atmosphere.

Communications

We emphasize a continuous, year-round dialogue between the District and our management team. We regularly communicate through personal telephone calls and electronic mail throughout the audit and on a regular basis.

Our clients have the ability to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability. This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal.

Cost of Services

Grau & Associates
CERTIFIED PUBLIC ACCOUNTANTS

Dear Committee Members:

We are pleased to have this opportunity to present the qualifications of DiBartolomeo, McBee, Hartley & Barnes, P.A. DMHB understands the services required and is committed to performing these services within the required time frame. We have the staff available to complete this engagement in a timely fashion. We audit several entities across the State making it feasible to schedule and provide services at the required locations.

Proven Track Record—Our clients know our people and the quality of our work. We have always been responsive, met deadlines, and been willing to go the extra mile with the objective of providing significant value to mitigate the cost of the audit. This proven track record of successfully working together to serve governmental clients will enhance the quality of services we provide.

Experience—DMHB has a history of providing quality professional services to an impressive list of public sector clients in Florida. DMHB is a recognized leader in providing services to governmental and non-profit agencies within the State of Florida. Through our experience in performing audits, we have been able to increase our audit efficiency and therefore reduce cost. We have continually passed this cost saving on to our clients and will continue to do so in the future. As a result of our experience and expertise, we have developed an effective and efficient audit approach designed to meet or exceed the performance specifications in accordance with audit standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States with minimal disruption to your operations. Our firm has frequent technical updates to keep our personnel informed and up to date on all changes that are occurring within the industry.

Timeliness – In order to meet the Districts needs, we will perform interim internal control testing by January 31st from unaudited preliminary general ledgers provided. The remaining testing will be completed no later than May 1st. We will also review all minutes and subsequent needs related to the review of the minutes by January 31st. Follow up review will be completed as necessary.

Communication and Knowledge Sharing— Another driving force behind our service approach is frequent, candid and open communication with management with no surprises. During the course of the audit, we will communicate with management on a regular basis to provide you with a status report on the audit and to discuss any issues that arise, potential management letter comments, or potential audit differences.

In the accompanying proposal, you will find additional information upon which you can evaluate DMHB's qualifications. Our full team is in place and waiting to serve you. b. SPECIFIC AUDIT APPROACH

Our partners are not strangers who show up for an entrance conference and an exit conference. We have developed an audit plan that allows the partners to directly supervise our staff in the field. By assigning two partners to the audit, we will have a partner on-site for a significant portion of the fieldwork. This also gives the District an additional contact individual for questions or problems that may arise during the audit.

The scope of our services will include a financial, as well as, a compliance audit of the District's financial statements. Our audit will be conducted in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Additionally, our audit will be conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local government entity audits performed in the State of Florida.

Our audit approach places emphasis on the accounting information system and how the data is recorded, rather than solely on the verification of numbers on a financial statement. This approach enables us to:

- Maximize our understanding of the District's operating environment
- Minimize time required conducting the audit since we start with broad considerations and narrow to specific audit objectives in critical areas

Our audit approach consists of four phases encompassing our audit process:

- Planning Phase
- Detailed Audit Phase
- Closing Phase
- Reporting

Planning Phase

Meetings and Expectations:

Our first step in this phase will be to set up a planning meeting with the financial and operating management of Dewey Robbins Community Development District. Our goal here is to eliminate "surprises." By meeting with responsible officials early on we can discuss significant accounting policies, closing procedures and timetables, planned timing of our audit procedures and expectations of our work. This will also be the starting point for our discussions with management related to *SAS No. 99-Consideration of Fraud in a Financial Statement Audit*. Inquiries will be made regarding managements knowledge of fraud and on management's views regarding the risk of fraud.

Review Operations and Develop Engagement Plan

It is critical that we understand the District's operating environment. To do this we will obtain and review such items as, organizational charts, recent financial statements, budget information, major contracts and lease agreements. We will also gather other information necessary to increase our understanding of the District's operations, organization, and internal control.

Study and Evaluate Internal Control

As part of general planning, we will obtain an understanding and assessment of the District's control environment. This assessment involves a review of management's operating style, written internal control procedures, and the District's accounting system. The assessment is necessary to determine if we can rely on control procedures and thus reduce the extent of substantive testing.

We then test compliance with established control procedures by ascertaining that the significant strengths within the system are functioning as described to us. Generally, transactions are selected and reviewed in sufficient detail to permit us to formulate conclusions regarding compliance with control procedures and the extent of operation compliance with pertinent laws and regulations. This involves gaining an understanding of the District's procedures, laws and regulations, and testing systems for compliance by examining contracts, invoices, bid procedures, and other documents. After testing controls, we then evaluate the results of those tests and decide whether we can rely on controls and thus reduce other audit procedures.

Conduct Preliminary Analytical Review

Also during the planning stage, we undertake analytical procedures that aid us in focusing our energies in the right direction. We call these analytical reviews.

A properly designed analytical review can be a very effective audit procedure in audits of governmental units. Analytical reviews consist of more than just a comparison of current-year actual results to prior-year actual results. Very effective analytical review techniques include trend analysis covering a number of years and comparisons of information not maintained totally within the financial accounting system, such as per capita information, prevailing market interest rates, housing statistics, etc.

Some examples of effective analytical reviews performed together and/or individually include:

- Comparison of current-year actual results with current-year budget for the current and past years with investigation of significant differences and/or trends
- Trend analysis of the percentage of current-year revenues to current-year rates for the current and previous years with investigation of significant changes in the collection percentage
- Trend analysis of the percentage of expenditures by function for the current and previous years with investigation of significant changes in percentages by department
- Monthly analysis of receipts compared to prior years to detect trends that may have audit implications

Conclusions reached enable us to determine the nature, timing and extent of other substantive procedures.

Detailed Audit Phase

Conduct Final Risk Assessment and Prepare Audit Programs

Risk assessment requires evaluating the likelihood of errors occurring that could have a material affect on the financial statements being audited. The conclusions we reach are based on many evaluations of internal control, systems, accounts, and transactions that occur throughout the audit. After evaluating the results of our tests of control and our final risk assessment we can develop detailed audit programs.

Perform Substantive Tests of Account Balances

These tests are designed to provide reasonable assurance as to the validity of the information produced by the accounting system. Substantive tests involve such things as examining invoices supporting payments, confirmation of balances with independent parties, analytical review procedures, and physical inspection of assets. All significant accounts will be subjected to substantive procedures. Substantive tests provide direct evidence of the completeness, accuracy, and validity of data.

Perform Single Audit Procedures (if applicable)

During the planning phase of the audit we will request and review schedules of expenditures of federal awards and state financial assistance. These schedules will be the basis for our determination of the specific programs we will test.

In documenting our understanding of the internal control system for the financial statement audit, we will identify control activities that impact major federal and state programs as well. This will allow us to test certain controls for the financial audit and the single audit concurrently. We will then perform additional tests of controls for each federal and state program selected for testing. We will then evaluate the results of the test of controls to determine the nature, timing and extent of substantive testing necessary to determine compliance with major program requirements.

Perform Statutory Compliance Testing

We have developed audit programs for Dewey Robbins Community Development District designed to test Florida Statutes as required by the Auditor General. These programs include test procedures such as general inquiries, confirmation from third parties, and examination of specific documents.

Closing Phase

During the closing phase we perform detail work paper reviews, request legal letters, review subsequent events and proposed audit adjustments. Communication with the client is critical in this phase to ensure that the information necessary to prepare financial statements in conformity with accounting principles generally accepted in the United States has been obtained.

Reporting Phase

Financial Statement Preparation

As a local firm, we spend a considerable amount of time on financial statement preparation and support. With this in mind, we can assist in certain portions of the preparation of financial statements or simply review a draft of financials prepared by your staff. We let you determine our level of involvement.

Management Letters

We want to help you solve problems before they become major.

Our management letters go beyond citing possible deficiencies in the District's internal control structures. They identify opportunities for increasing revenues, decreasing costs, improving management information, protecting assets and improving operational efficiency.

The diversity of experience of our personnel and their independent and objective viewpoints make the comments, observations, and conclusions presented in our management letters a valuable source of information. We have provided positive solution-oriented objective recommendations to our governmental clients regarding investments, accounting accuracy, data processing, revenue bonds, payroll, utility billing, purchasing, budgeting, risk management, and internal auditing.

This review ensures the integrity of the factual data in the management letter but does not influence or impair our independence.

Exit Conferences and Delivery of Reports

We anticipate meeting with appropriate District personnel in February and issuing the final required reports by the May meeting of each year.

The first part of the paper discusses the importance of understanding the local context in which a project is implemented. This includes a thorough analysis of the social, economic, and cultural factors that may influence the success or failure of the intervention. It is essential to engage with the community from the outset, ensuring that their voices are heard and their needs are addressed. This participatory approach not only fosters a sense of ownership and commitment among the community members but also allows for the identification of potential challenges and the development of strategies to mitigate them.

The second part of the paper focuses on the design and implementation of the project. It outlines the key principles that should guide the development of the intervention, such as sustainability, scalability, and inclusivity. The importance of monitoring and evaluation is emphasized, as it provides a means of assessing the progress of the project and making adjustments as needed. The paper also discusses the role of the project manager, who must ensure that the project remains on track and that resources are used effectively.

The third part of the paper presents a case study of a project that has been successfully implemented in a rural community. This example illustrates the practical application of the principles discussed in the previous sections and provides a valuable reference for other practitioners. The case study highlights the challenges that were encountered and the strategies that were used to overcome them, as well as the positive outcomes that have been achieved.

In conclusion, the paper emphasizes the need for a holistic and participatory approach to project implementation. By understanding the local context, engaging the community, and following sound principles of design and implementation, it is possible to develop interventions that are effective, sustainable, and inclusive. The case study provides a concrete example of how these principles can be applied in practice, and the lessons learned from this experience can be used to inform future projects.

WHEREAS, the Dewey Robbins Community Development District ("**District**") is a local unit of special-purpose government established pursuant to Chapter 190, *Florida Statutes*, for the purpose of providing, operating and maintaining infrastructure improvements, facilities and services to the lands within the District, located in Lake County, Florida ("**County**"); and

WHEREAS, the District has constructed or acquired various infrastructure improvements and provides certain services in accordance with the District's adopted capital improvement plan and Chapter 190, *Florida Statutes*; and

WHEREAS, for the fiscal year beginning October 1, 2025, and ending September 30, 2026 ("**FY 2026**"), the Board of Supervisors ("**Board**") of the District has determined to undertake various operations and maintenance and other activities described in the District's budget ("**Adopted Budget**"), attached hereto as **Exhibit A**; and

WHEREAS, pursuant to Chapter 190, *Florida Statutes*, the District may fund the Adopted Budget through the levy and imposition of special assessments on benefitted lands within the District and, regardless of the imposition method utilized by the District, under Florida law the District may collect such assessments by direct bill, tax roll, or in accordance with other collection measures provided by law; and

WHEREAS, in order to fund the District's Adopted Budget, the District's Board now desires to adopt this Resolution setting forth the means by which the District intends to fund its Adopted Budget.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE DEWEY ROBBINS COMMUNITY DEVELOPMENT DISTRICT:

1. **FUNDING.** The District's Board hereby authorizes the funding mechanisms for the Adopted Budget as provided further herein and as indicated in the Adopted Budget attached hereto as **Exhibit A** and the assessment roll attached hereto as **Exhibit B ("Assessment Roll")**.

2. **OPERATIONS AND MAINTENANCE ASSESSMENTS.**

a. **Benefit Findings.** The provision of the services, facilities, and operations as described in **Exhibit A** confers a special and peculiar benefit to the lands within the District, which benefit exceeds or equals the cost of the assessments. The allocation of the assessments to the specially benefitted lands is shown in **Exhibit A** and **Exhibit B** and is hereby found to be fair and reasonable.

- 4901-2171-9117.2

- ii. *Due Date (Debt Assessments).* Debt Assessments directly collected by the District shall be due and payable in full on **November 1, 2025**; provided, however, that, to the extent permitted by law, the Debt Assessments due may be paid in several partial, deferred payments and according to the following schedule: **50%** due no later than **November 1, 2025**, **25%** due no later than **February 1, 2026**, and **25%** due no later than **May 1, 2026**.
- iii. In the event that an Assessment payment is not made in accordance with the schedule(s) stated above, the whole of such Assessment, including any remaining partial, deferred payments for the Fiscal Year: shall immediately become due and payable; shall accrue interest, penalties in the amount of one percent (1%) per month, and all costs of collection and enforcement; and shall either be enforced pursuant to a foreclosure action, or, at the District's sole discretion, collected pursuant to the Uniform Method on a future tax bill, which amount may include penalties, interest, and costs of collection and enforcement. Any prejudgment interest on delinquent Assessments shall accrue at the rate of any bonds secured by the Assessments, or at the statutory prejudgment interest rate, as applicable. In the event an Assessment subject to direct collection by the District shall be delinquent, the District Manager and District Counsel, without further authorization by the Board, may initiate foreclosure proceedings pursuant to Chapter 170, *Florida Statutes*, or other applicable law to collect and enforce the whole Assessment, as set forth herein.

- c. **Future Collection Methods.** The District's decision to collect Assessments by any particular method – e.g., on the tax roll or by direct bill – does not mean that such method will be used to collect special assessments in future years, and the District reserves the right in its sole discretion to select collection methods in any given year, regardless of past practices.

5. **ASSESSMENT ROLL; AMENDMENTS.** The Assessment Roll, attached hereto as **Exhibit B**, is hereby certified for collection. The Assessment Roll shall be collected pursuant to the collection methods provided above. The proceeds therefrom shall be paid to the District. The District Manager shall keep apprised of all updates made to the County property roll by the Property Appraiser after the date of this Resolution and shall amend the Assessment Roll in accordance with any such updates, for such time as authorized by Florida law, to the County property roll.

6. **SEVERABILITY.** The invalidity or unenforceability of any one or more provisions of this Resolution shall not affect the validity or enforceability of the remaining portions of this Resolution, or any part thereof.

7. **EFFECTIVE DATE.** This Resolution shall take effect upon the passage and adoption of this Resolution by the Board.

PASSED AND ADOPTED THIS 27TH DAY OF AUGUST 2025.

SECTION V

**BUDGET FUNDING AGREEMENT
(O&M DEFICIT)
FY 2026**

This Agreement ("**Agreement**") is made and entered into effective as of October 1, 2026 ("**Effective Date**"), by and between:

Dewey Robbins Community Development District, a local unit of special-purpose government established pursuant to Chapter 190, *Florida Statutes*, ("**District**"), and located in Lake County, Florida ("**County**"), and

TLC Hodges Reserve, LLC, a Florida limited liability company, and the owner and/or developer of a portion of the property located within the boundaries of the District ("**Developer**," and together with the District, the "**Parties**"). For purposes of this Agreement, the term "**Property**" shall refer to that certain property within the District owned by the Developer on the Effective Date of this Agreement.

RECITALS

WHEREAS, pursuant to Chapter 190, *Florida Statutes*, the District was established for the purpose of planning, financing, constructing, operating and/or maintaining certain infrastructure, and is authorized to levy such taxes, special assessments, fees, and other charges as may be necessary in furtherance of the District's activities and services; and

WHEREAS, Developer presently owns and/or is developing the Property within the District, which Property will benefit from the timely construction and acquisition of the District's facilities, activities, and services and from the continued operations of the District; and

WHEREAS, for the fiscal year beginning October 1, 2025, and ending September 30, 2026 ("**FY 2026**"), the Board of Supervisors ("**Board**") of the District adopted its general fund budget ("**Budget**") attached hereto as **Exhibit A** and incorporated herein by reference, and has and/or will levy non-ad valorem special assessments ("**O&M Assessments**") in order to fund a portion of the Budget; and

WHEREAS, the Parties recognize the Budget may be amended from time to time in the sole discretion of the District; and

WHEREAS, the Parties recognize that in order to fund the Budget the District has the option of levying O&M Assessments on all lands within the District benefitting from the activities, operations and services set forth in the Budget, including the Property, or utilizing such other revenue sources as may be available to it; and

WHEREAS, in lieu of levying O&M Assessments in order to fund the Budget in full, the Developer is willing to provide such funds as are necessary to allow the District to proceed with its operations as described in the Budget, subject to the terms and limitations provided herein; and

WHEREAS, the Developer agrees that the activities, operations and services provide a special and peculiar benefit to the Property equal to or in excess of the costs reflected in the Budget; and

WHEREAS, the Developer agreed to enter into this Agreement in lieu of having the District levy and collect O&M Assessments for FY 2026 at higher levels than currently provided for in **Exhibit A**, as authorized by law against the lands within the District, including the Property, for the activities, operations, and services set forth in the Budget; and

WHEREAS, Developer and District agree such Budget funding obligation by the Developer may be secured and collection enforced pursuant to the methods provided herein.

NOW, THEREFORE, based upon good and valuable consideration and the mutual covenants of the parties, the receipt of which and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **FUNDING.** The Developer agrees to fund, on an as-needed basis, the difference between the total amount of net O&M Assessments levied by the District for FY 2026 and the amount of funds necessary to allow the District to proceed with its operations as described in the Budget (such difference referred to herein as the “**O&M Deficit**”). The Developer agrees to make available to the District the monies (“**Funding Obligation**”) necessary to fund any O&M Deficit within thirty (30) days of written request by the District. **Exhibit A** attached hereto may be amended from time to time pursuant to Florida law, subject to the Developer’s consent to such amendments to incorporate them herein; provided however, that amendments adopted by the Board at a duly noticed meeting shall have the effect of amending this Agreement without further action of the Parties. As a point of clarification, the District shall only request as part of the Funding Obligation that the Developer fund the actual expenses of the District, and the Developer is not required to fund the total general fund Budget in the event that actual expenses are less than the projected total general fund Budget, as may be amended as provided herein and/or as may otherwise be funded by O&M Assessments collected for FY 2026. The funds shall be placed in the District’s general checking account. In the event the Developer sells any of the Property during the term of this Agreement, the Developer’s rights and obligations under this Agreement shall remain the same.

2. **ACKNOWLEDGEMENT.** The District hereby finds, and the Developer acknowledges and agrees, that the activities, operations and services set forth in the Budget provide a special and peculiar benefit to the Property, which benefit is initially allocated to undeveloped property on an equal developable acreage basis. These Funding Obligation payments are made by the Developer in lieu of taxes, fees, or assessments which might otherwise be levied or imposed by the District. Nothing contained herein shall constitute or be construed as a waiver of the District’s right to levy assessments, including on the Property, in the event of a funding deficit.

3. **COLLECTION METHODS.** The District may enforce the collection of funds due under this Agreement using one or more of the following collection methods:

- a. *Contractual Lien.* The District shall have the right to file a continuing lien (“**Lien**”) upon all or a portion of the Property, which Lien shall be effective as of the date and time of the recording of a “Notice of Lien” in the public records of the County.
- b. *Enforcement Action.* The District shall have the right to file an action against the Developer in the appropriate judicial forum in and for the County.
- c. *Uniform Method; Direct.* The District may certify amounts due hereunder as a non-ad valorem assessment on all or any part of the Property for collection, either through the Uniform Method of Collection set forth in Chapter 197, Florida Statutes, or under any method of direct bill and collection authorized by Florida law.

The enforcement of the collection of funds in any of the above manners, including which method(s) to utilize, shall be in the sole discretion of the District Manager on behalf of the District, without the need of further Board action authorizing or directing such.

4. **ENTIRE AGREEMENT; AMENDMENTS.** This instrument shall constitute the final and complete expression of the agreement among the Parties relating to the subject matter of this Agreement. Amendments to and waivers of the provisions contained in this Agreement may be made only by an instrument in writing which is executed by both of the Parties hereto.

5. **AUTHORIZATION.** The execution of this Agreement has been duly authorized by the appropriate body or official of all Parties hereto, each Party has complied with all of the requirements of law, and each Party has full power and authority to comply with the terms and provisions of this instrument.

6. **ASSIGNMENT.** This Agreement may be assigned, in whole or in part, by either Party only upon the written consent of the other. Any purported assignment without such consent shall be void.

7. **DEFAULT.** A default by either Party under this Agreement shall entitle the other to all remedies available at law or in equity, which shall include, but not be limited to, the right of damages, injunctive relief and/or specific performance.

8. **ENFORCEMENT.** In the event that any Party is required to enforce this Agreement by court proceedings or otherwise, then the parties agree that the prevailing Party shall be entitled to recover from the other all costs incurred, including interest accrued on an unsatisfied Funding Obligation, reasonable fees and costs incurred by the District incident to the collection of the Funding Obligation or for enforcement of the Lien, or reasonable attorneys' fees and costs for trial, alternative dispute resolution, or appellate proceedings.

9. **THIRD PARTY BENEFICIARIES.** This Agreement is solely for the benefit of the formal Parties herein and no right or cause of action shall accrue upon or by reason hereof, to or for the benefit of any third party not a formal party hereto. Nothing in this Agreement expressed or implied is intended or shall be construed to confer upon any person or corporation other than the Parties hereto any right, remedy or claim under or by reason of this Agreement or any provisions or conditions hereof; and all of the provisions, representations, covenants and conditions herein contained shall inure to the sole benefit of and shall be binding upon the Parties hereto and their respective representatives, successors and assigns.

10. **CHOICE OF LAW.** This Agreement and the provisions contained herein shall be construed, interpreted and controlled according to the laws of the State of Florida.

11. **ARM'S LENGTH.** This Agreement has been negotiated fully among the Parties as an arm's length transaction. The Parties participated fully in the preparation of this Agreement with the assistance of their respective counsel. In the case of a dispute concerning the interpretation of any provision of this Agreement, the Parties are each deemed to have drafted, chosen and selected the language, and the doubtful language will not be interpreted or construed against any Party.

WHEREAS, the Property will benefit from the timely construction and acquisition of the District's facilities, activities and services and from the continued operations of the District; and

WHEREAS, for the fiscal year beginning October 1, 2025, and ending September 30, 2026 ("**FY 2026**"), the Board of Supervisors ("**Board**") of the District determined to undertake various operations and maintenance and other activities described in the District's adopted budget ("**Adopted Budget**"); and

WHEREAS, pursuant to Chapter 190, *Florida Statutes*, the District may fund the Adopted Budget through the levy and imposition of special assessments on benefitted lands within the District, and, regardless of imposition method utilized by the District, under Florida law the District may collect such assessments by direct bill, tax roll, or in accordance with other collection measures provided by law; and

WHEREAS, pursuant to Resolution 2025-06 ("**Annual Assessment Resolution**"), the District's Board levied special assessments to fund the operations and maintenance of the Adopted Budget ("**O&M Assessments**") in the amounts set forth in Adopted Budget and the assessment roll attached to the Annual Assessment Resolution ("**Assessment Roll**"), and set forth the method by which the O&M Assessments and the FY 2026 installment of the District's previously levied debt service assessments ("**Debt Assessment**," and together with the O&M Assessments, "**Assessments**") shall be collected and enforced; and

WHEREAS, Property Owner agrees that the O&M Assessments, which were imposed on the lands within the District, including the Property, have been validly imposed and constitute valid, legal, and binding liens upon the lands within the District; and

WHEREAS, pursuant to Florida law, the District certified the Assessment Roll for collection, which Assessment Roll includes in full or part that certain “**Direct Collect Property**” (as defined in the Annual Assessment Resolution and further identified on the Assessment Roll) for direct collection by the District in accordance with Florida law; and

WHEREAS, as the Property is identified on the Assessment Roll as Direct Collect Property, the District and Property Owner desire to arrange for the direct collection and direct payment of the District’s Assessments levied against the Property.

NOW, THEREFORE, based upon good and valuable consideration and the mutual covenants of the Parties, the receipt of which and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **RECITALS.** The recitals so stated are true and correct and by this reference are incorporated into and form a material part of this Agreement.

2. **VALIDITY OF SPECIAL ASSESSMENTS.** Property Owner agrees that the Assessments have been validly imposed and constitute valid, legal, and binding liens upon the lands within the District, including the Property. Property Owner hereby waives and relinquishes any rights it may have to challenge, object to, or otherwise fail to pay such Assessments.

3. **COVENANT TO PAY.** Property Owner agrees to pay the Assessments attributable to the Property, regardless of whether Property Owner owns the Property at the time such payment is due or paid. Nothing herein shall prohibit Property Owner from prorating or otherwise collecting these Assessments from subsequent purchasers of the Property. The District shall send a bill to Property Owner at least thirty (30) days prior to the first Assessment due date, indicating the exact amount of the Assessment being certified for collection in FY 2026. The Assessments attributable to the Property shall be due and payable on the dates and in the amounts set forth in the Annual Assessment Resolution. The District’s decision to collect Assessments by any particular method – e.g., on the tax roll or by direct bill – does not mean that such method will be used to collect special assessments in future years, and the District reserves the right in its sole discretion to select collection methods in any given year, regardless of past practices.

4. **ENFORCEMENT.** This Agreement shall serve as an alternative, additional method for collection of the Assessments. This Agreement shall not affect the District’s ability to collect and enforce its Assessments by any other method authorized by Florida law. Property Owner acknowledges that the failure to pay the Assessments may result in the initiation of a foreclosure action, or, at the District’s sole discretion, delinquent Assessments may be certified for collection on a future County tax bill. In the event that an Assessment payment is not made in accordance with the schedule stated above, the whole of such Assessment – including any remaining partial, deferred payments for FY 2026, shall immediately become due and payable; shall accrue interest, penalties in the amount of one percent (1%) per month, and all costs of collection and enforcement; and shall either be enforced pursuant to a foreclosure action, or, at the District’s sole discretion, collected pursuant to the Chapter 197, Florida Statutes (“**Uniform Method**”) on a future tax bill, which amount may include penalties, interest, and costs of collection and enforcement. Any prejudgment interest on delinquent Assessments shall accrue at the applicable rate of any bonds or other debt instruments secured by the Assessments, or at the statutory prejudgment interest rate, as applicable. In the event an Assessment subject to direct collection by the District shall be delinquent, the District Manager and District Counsel, without further authorization by the Board, may

initiate legal proceedings pursuant to Chapter 170, *Florida Statutes*, or other applicable law to collect and enforce the whole Assessment, as set forth herein.

5. **NOTICE.** All notices, requests, consents and other communications under this Agreement, but excluding invoices (“**Notices**”) shall be in writing and shall be delivered, mailed by First Class Mail, postage prepaid, or overnight delivery service, to the Parties, at the addresses set forth above. Except as otherwise provided in this Agreement, any Notice shall be deemed received only upon actual delivery at the address set forth in this Agreement. Notices delivered after 5:00p.m. (at the place of delivery) or on a non-business day, shall be deemed received on the next business day. If any time for giving Notice contained in this Agreement would otherwise expire on a non-business day, the Notice period shall be extended to the next succeeding business day. Saturdays, Sundays, and legal holidays recognized by the United States government shall not be regarded as business days. Counsel for the Parties may deliver Notice on behalf of the Parties. Any Party or other person to whom Notices are to be sent or copied may notify the other Parties and addresses of any change in name or address to which Notices shall be sent by providing the same on five (5) days written notice to the Parties and addresses set forth in this Agreement.

6. **AMENDMENT.** This instrument shall constitute the final and complete expression of the Agreement between the Parties relating to the subject matter of this Agreement. Amendments to and waivers of the provisions contained in this Agreement may be made only by an instrument in writing which is executed by both of the Parties hereto.

RE: HB7013 – Special Districts Performance Measures and Standards

To enhance accountability and transparency, new regulations were established for all special districts, by the Florida Legislature, during their 2024 legislative session. Starting on October 1, 2024, or by the end of the first full fiscal year after its creation (whichever comes later), each special district must establish goals and objectives for each program and activity, as well as develop performance measures and standards to assess the achievement of these goals and objectives. Additionally, by December 1 each year (initial report due on December 1, 2025), each special district is required to publish an annual report on its website, detailing the goals and objectives achieved, the performance measures and standards used, and any goals or objectives that were not achieved.

District Management has identified the following key categories to focus on for Fiscal Year 2025 and develop statutorily compliant goals for each:

- Community Communication and Engagement
- Infrastructure and Facilities Maintenance
- Financial Transparency and Accountability

Additionally, special districts must provide an annual reporting form to share with the public that reflects whether the goals & objectives were met for the year. District Management has streamlined these requirements into a single document that meets both the statutory requirements for goal/objective setting and annual reporting.

The proposed goals/objectives and the annual reporting form are attached as exhibit A to this memo. District Management recommends that the Board of Supervisors adopt these goals and objectives to maintain compliance with HB7013 and further enhance their commitment to the accountability and transparency of the District.
